☐ Pack a travel kit of critical items such as your checkbook, credit cards, ID, keys, toiletries, towels and a first aid kit.
☐ Arrange to have utilities turned on at your new home.

1 WEEK BEFORE YOUR MOVE
☐ Inform family and friends of your new address.
☐ If necessary take any animals to the vet for immunization.
☐ Have enough medication on-hand to last at least 2 weeks.
☐ FUN TIP! Make a plan to visit your family’s favorite local places before you leave — restaurants, parks, playgrounds, etc.

1 DAY BEFORE YOUR MOVE
☐ Have appliances disconnected.
☐ Defrost refrigerator and freezer by propping doors open.
☐ Properly drain and dispose of all gas and oil from your mower, gas grills, kerosene heaters, water from hoses, etc.
☐ Leave a note with your new address in the house so that future residents can forward any stray mail.
☐ Back up and turn off all computers.

MOVING DAY
☐ Show movers any items you feel need special treatment.
☐ Before finishing, make sure to do a final check of all closets, cabinets and storage areas for anything that may have been overlooked.
☐ If you are using a moving company, put a floor plan close to the entrance to help movers place furniture and boxes correctly.

GETTING SETTLED
☐ Unpack only what you need for the first few days. Don’t overwhelm yourself by having too many boxes open.
☐ Don’t forget which day you scheduled for Charter installation. Make sure to have your TV and computer unpacked so Charter can install cable and high-speed Internet.
☐ FUN TIP! Plan a family activity away from the house to explore your new community.
